Computer Science House

Part of the Rochester Institute of Technology's Special Interest Housing program, Computer Science House (CSH) is located on the third floor of Nathaniel Rochester Hall (north wing) and extends into the third floor (east wing) of Helen B. Fish Hall. There are 65 members living in 30 rooms, and approximately 50 active alumni and off-House members. CSH is a revolutionary living environment that combines extensive technical resources with a warm and friendly "family" atmosphere.
